B.Sc. in Mechatronics at the German University in Cairo

Bachelor thesis at the Institute of Automatic Control at RWTH Aachen University

Intern at the Institute of Automotive Engineering at RWTH Aachen University

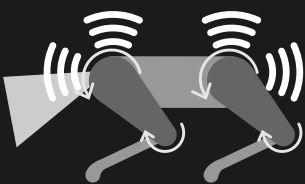

M.Sc. in Systems and Control at the University of Twente

Robotics Researcher at the German Aerospace Center

Doctoral Researcher at the Dynamic Legged Systems lab at the Italian Institute of Technology

**I work with robots, most of them have legs.
I use perception to plan & control robots.
Control vs. Learning? Why not both?**

**I write in c++ but sometimes I like to python.
I always commit and push before I go home.
I opt for ROS, unit testing, and documentation**

**English is my first language.
Ich kann ein bisschen Deutsch sprechen
اللغة المصرية هي لغتي الأم.**
